2022 Physical Therapist Education Programs Fact Sheet

This fact sheet is designed to provide the education community with current and historical information about physical therapist education programs, students, and faculty. The data included in this fact sheet is taken from the following sources:

- 2022 Annual Accreditation Report submitted December 20, 2022, by accredited and developing programs.
- 2021 Annual Accreditation Report submitted Nov. 15, 2021, by accredited and developing programs.
- 2020 Annual Accreditation Report submitted December 2020 by accredited and developing programs.
- 2019, 2018, 2017, 2016, 2015, 2013, 2012, 2011, 2010, and 2009 annual Accreditation Reports.
- 2006, 2004, and 2002 biennial Accreditation Reports.
- Previous surveys of the PT education programs conducted by the Education Division.
- Department of Accreditation records.
- Licensure pass rate information provided by FSBPT April 2005, April 2006, April 2007, April 2011, April 2012, April 2014, April 2015, April 2016, December 2017, December 2018, December 2019, June 2021, December 2021, and December 2022.

Unless otherwise indicated, the data reflects accredited and developing physical therapist education programs in the United States for the academic year 2022-2023. All uses of this data should reference the Commission on Accreditation in Physical Therapy Education as the source of the data and acknowledge that CAPTE bears no responsibility for interpretations presented or conclusions reached based on analysis of the data.

Glossary

Faculty: All faculty including core and associated.

Associated faculty: Individuals who have classroom and/or laboratory teaching responsibilities in the curriculum and who are not core faculty or clinical education faculty. Associated faculty may include individuals with full-time appointments in the unit in which the professional program resides but who have primary responsibilities in programs other than the professional program.

Core faculty: Individuals appointed to and employed primarily in the program, including the program director, the director of clinical education, and other faculty who report to the program director. If not appointed to and employed primarily in the DPT program, the majority of the individual's work at the institution must involve the DPT program. Core faculty have the responsibility and authority to establish academic regulations and to design, implement, and

evaluate the curriculum. Core faculty include physical therapists and may include others with expertise to meet specific curricular needs. Core faculty may hold tenured, tenure track, or non-tenured track positions. Core faculty typically have full-time appointments, although some part-time faculty members may be included among the core faculty.

Other faculty: Core faculty excluding program directors and clinical education coordinators (directors of clinical education and academic coordinators of clinical education).

2022 Additional Reported Items on Annual Accreditation Report

In 2022 CAPTE added questions regarding student debt, minority serving institutions, and student support services. The student debt questions align with information required to be posted in the Student Financial Fact Sheet. Student debt information involves collaboration with the APTA Board of Directors, and organization members of the former Educational Leadership Partnership. CAPTE sought information about programs' minority serving institution status and student services to begin discussions on how we might find ways to support programs and students.

Other Federal Funding

CAPTE has collected data related to federal grants. CAPTE gathers this grant information to demonstrate its federal link. A federal link is one in which a program must demonstrate CAPTE accreditation to be eligible for specific grants. While the funding amounts may be presented in the “Other than NIH grants” question, CAPTE seeks to specifically identify these grants and the number of programs receiving these grants.

Table 39. Other Federal Funding tied to Federal Link

Receives Long-Term Rehabilitation Training Grant Funding	2	292	1%	99.3%
Received Research Enhancement Award Program Funding	1	293	0%	99.7%

Note: The Scholarships for Disadvantaged Students grant allows no more than three programs from one institution to apply for the grant in any given cycle. In 2022, three programs did not apply for this grant due to other programs in institution with funding. One program received funding during the current cycle.
